

24' x 8' x 8' Type 2 magazine with 2 sets of double doors

## Standard Type 2 Magazines

All Armag Corporation type 2 magazines have been manufactured since 1969 to meet or exceed ATF specs. The exterior is 1/4" ASTM A-36 prime steel and the interior is lined with 3" of hardwood. Two lock staples are shrouded by 1/4" steel hoods. We include hinge side door protection to prevent the door from being opened in the event the hinges are defeated and each door has an attached grounding strap to transfer static electricity back to the main structure. The magazine is properly vented and is mounted on 6" wide flange beams to keep the bottom off the ground. The unit is commercially sandblasted and painted with 8 mils of high solids urethane to protect the structure from the elements.

4' x 4' x 4' Type 2 ATF spec magazine

5' x 4' x 7' Type 2 magazine with attached 24" x 24" x 24" Type 4 cap box
